Continuation of Substance of Interview including description of the general nature of what was discussed: The examiner suggested amendments to overcome 112 rejections. The examiner also stated that a Terminal Disclaimer is necessary because the instant claims are an obvious embodiment of the 6,933,112 patent in view of the abstract. The examiner further stated that claims 39-50 are not allowable over the prior art provided in the IDS of 6/05. The examiner and Mr. Wilson agreed that amendments to overcome the 112 issues, cancellation of Claims 39-50 and a Terminal Disclaimer would place the pending claims in condition for allowance. The necessary papers are to be filed as a supplemental amendment..
